## HILLVIEW COUNTRY CLUB LOCAL BEAUTY CENTER NEW MANAGEMENT BIG FACTOR IN NO. READING CLUB

In an Edenlike setting, upper photo shows the Olympic size Swimming Pool, Children's Pool and Sports area, at the Hillview Country Club, No. Reading. Lower photo gives you a glimpse of part of the first nine of a golf course that is rated as one of the finest in Massachusetts.

### HILLVIEW COUNTRY CLUB RATED TOPS IN NEW ENGLAND

by Bill Kelly  
Wilmington's closest Country Club, after a lean four years, has now become one of the swankiest and most plush clubs in the New England States.  
The Hillview Country Club in North Reading, headed by Sidney Zeitlin, has at long last begun to take its place among the top clubs in the New England area. A syndicate of men with big ideas and the money behind them, has made this a reality.

The residents of the Wilmington area will now be assured of an opportunity to enjoy the facilities of swimming in an olympic size swimming pool, enjoy an eighteen hole golf course and be privileged to an excellent cuisine.  
Under the influence of Mrs. Jane Zeitlin, wife of the executive director, the club has been renovated to the point where guests may now enjoy the ultra-ultra atmosphere reminiscent of the Fountainsbleau at Miami Beach.  
Of great interest to the local sportsman will be two big golf tournaments scheduled

for Hillview in the near future. Local golfers will be watching with great interest the pro-pro event scheduled for July 27 and the highly competitive member-guest tourney, July 17 and 18.  
No expense has been spared upon the course itself because as any golfer knows, the actual course is the heart of any club. From a short tricky 18 holes the layout has been lengthened to such a point that the course is a truly competitive one for any pro.  
Hillview is fortunate in obtaining the services of Steve Kay, one of the most popular and proficient pros on

## SPECIAL TOWN MEETING FLOPS

POSTPONED TO NEXT WEDNESDAY

### INDUSTRIAL TECH GRADUATES

David Racicot of 9 Mystic Avenue has just completed his course in Industrial Electronics at Industrial Tech. in Boston.

Graduation exercises and a Banquet were held at the Hotel Fensgate in Boston.

The Very Reverend Richard H. Sullivan, President of Stonehill College delivered the Commencement Address.

### ABANDONED CAR ON SALEM STREET

While on a routine patrol, Sgt. Shepard located a car off the road on Salem St., at 11:45 p.m. on June 15. Checking into the matter, Sgt. Shepard found that the vehicle was one which had been involved in a 'hit and run' accident in North Reading.

### HOLY NAME SOCIETY COMMUNION BREAKFAST

The following ladies of the parish prepared and served at the Holy Name Society Communion Breakfast held last week, and many thanks are extended to them:

Mrs. Louise Coe, Mrs. Louise DeFelice, Mrs. Lydia Richards, Mrs. Helen Allen, Mrs. Alberta McMullen, Mrs. Mickey Roberti, Mrs. Mildred Cavanaugh and Mrs. Dorothy Rogers.

the Eastern Seaboard. Kay was formerly the pro at the tough Sharon Springs New York course for the past 14 years. The Hillview pro recently finished third in the Birdseye Open last week. Last Sunday he finished second in the pro-member tourney at Mt. Pleasant, proving he is now ready to make his presence felt in the top ranks.

Under the new management and the sense of security afforded to the community in respect to the club, the many changes at the Hillview have had an immediate effect. The membership has almost doubled itself in a matter of weeks. Most of these memberships have been of the family type. These family type memberships provide a full use of all the facilities of the club, including children's swimming pool, planned nursery supervision; for the parent members, swimming, dancing and dining.

Even though the club is operated under an exclusive membership operation, the facilities of a 500 capacity dining room and banquet hall, including four bars and an ultra-modern kitchen is now available to the organization for the booking of special functions.

Of interest to the local residents is the significant fact that last Saturday the club catered to more than 1000 guests, including two wedding receptions.

Governor Foster Furcolo is a member and the most ardent player of all is Alan Young who is on the course every day.

### SPECIAL TOWN MEETING

The Herbert C. Barrows Auditorium at the High School was a scene of confusion and disgust, last Monday night, when the scheduled Special Town meeting was called off.

Some eighty citizens entered the hall, unchecked, only to hear the Town Moderator Si Cutter say that a motion would be made to adjourn the meeting until Wednesday, July 1st. Mr. Cutter then went on to say that he felt that those citizens attending were entitled to an explanation, and asked for one of the town officials to give it.

After a few seconds of silence, in which all but officials looked at each other T.M. Calabrese rose and said he would do so.

He explained that the Finance Committee had not filed their report to the Town Clerk in the requisite number of days (seven), prior to the meeting, thus making it impossible to vote on article eleven in referring to the newly proposed school.

He also explained that the meeting was a legal meeting, but the impossibility of voting on the school made it necessary to have the meeting postponed.

Chairman of the Board of Selectmen, Don Kidder, then made a motion to have the meeting adjourned until next Wednesday.

### CARNIVAL COMMITTEE TO MEET TONIGHT

There will be a meeting of the Carnival Committee, tonight Thursday, June 25 at 8 p.m. at Villanova Hall.

More helpers are needed to assist the various committees in their undertakings. Help is needed for the booths, auction, bazaar, barbecue, blitz, rides, donation books, etc.

The Auction Committee is still desirous of receiving donations. Anyone having any articles for donation, may contact Earl Adams, OL8-8506, for pick-up service.

## TALK OF THE TOWN

By HANK FILIPPONE

The old saying goes that to confuse people is to make them putty in your hands. Last Mondays called special town meeting really has the town confused. To those who are close to town hall, it was common knowledge that the meeting was to be adjourned before any articles would be voted on. This--Monday morning.

Monday night, some seventy or eighty citizens attended the meeting unaware that there would be none held. Even the weak explanation that came from T.M. Calabrese, after Mr. Cutter's demand that one should be forthcoming, did nothing to soothe the ruffled feelings of those attending. Our Finance Committee has always been efficient and prompt.

Last week, Sonny Duffy came home from work to find some surveyors busy staking out his land. Upon inquiry, he was told that the land (his) was to be brought up at the special town meeting as a possible site for the new school on Boutwell Street. Duffy, rightly so, was indignant that he at least, as the property owner should have been notified that his property was even being considered. Under our 'Eminent Domain' law, the property could be voted on by the town and taken from him, regardless of how he felt in the matter. The amount of compensation given him would be fair, but how do you set a dollar and cents value on something that you cherish? Peoples rights have many interpretations.

The moving of the Shea home from Ballardvale Street to Salem Street, struck a snag at the front of the Durkee residence. A tree on Mr. Durkee's frontage and a telephone pole were exactly opposite each other. The overhang of the roof of the Shea House was just enough to prevent clear passage through. Mr. Durkee held fast that he wanted his tree intact, as he had already lost one on a similar condition. The Telephone and Electric men loosened the pole and pulled it over, to make room for the house. It was a 'pretty tree---and in bloom, too.

Summer school starts next week for some unlucky children who failed their studies. Unless kids have changed since I went to school, this program should be an unpopular one with them. OH WELL--twenty siks yers ugo i ducnt spel eddytore and now i ar won.

SCENE AROUND---is the neat looking job the highway department is doing on Bridge Lane---the holes that are starting to re-appear on lower Main Street---the Little League Park alive with children on Saturday mornings---Silver Lake and its bathing Beauties---the nice looking ball park that AVCO owns, but who plays on it?---the Wilmington Lions Club installation last Saturday, at St. Anthony's Hall in Woburn, and the good time had by all---Mrs. Fred Vinecour and Mr. and Mrs. Dave Elfman enjoying the facilities of the Hillview Country Club at No. Reading---Postal Carrier Joe Lynch with the measles---Superintendent of Schools, John Collins and his feelings on the newly proposed Round School on Boutwell Street, and why people don't listen to a guy that knows---the meeting of all the different boards and committees at town hall Sunday, with only one paper in attendance---the plans for the new police station (when?) suited for the old site and will they be used for the new site?

PREDICTION---Now that the annual town meeting is over and our tax rate has decreased two dollars, any money appropriated at any special town meeting will be applied to next years rate. What with a new school in the offing, our tax rate will jump next year, so---this writer predicts that T.M. Calabrese will be leaving for a better position before then..(unless this article makes him stubborn enough to stay).

Bill Kelly, known in the hey-day of Frank Leahy, when he was coach of Boston College, is now an employee of the Hillview Country Club. Kelly, known affectionally as 'Buck' was the blocking back on the famous undefeated, untied, unscored upon team of the University of Tennessee when that great team was defeated by the Leahy-coached Boston College team of 1940. Now that Kelly is a resident of the Greater Boston area---he is a bit leary of hearing the name of Charles O'Rourke.

## MAILMAN CONFINED WITH GERMAN MEASLES

Joseph Lynch of 845 Woburn St., well-known mailman in the North Wilmington area is being confined to his home by illness.

Of all things, "Joe" is fighting a bout with German Measles. Friends and neighbors hope to find him back on his mail route very soon.

## BREAK AND ENTRY AT WALPOLE WOODWORKING

On June 20, it was reported that a break had been made at the Walpole Woodworking establishment on Lowell St.

A building located near Bay St., was entered by breaking a rear window. A Black and Decker drill and a skill saw were taken.

Sgt. Shepard and Officer Dolan are investigating the break.

## NEAR ACCIDENT ON LOWELL STREET

An employee of Avco reported to police on June 11 that a manhole cover in front of Sunnyhurst Dairy had broken in half and fallen into the hole, nearly causing a serious accident.

Officer Mercier investigated the situation and the cover was promptly replaced.

## TROOP 60 CONDUCTING FUND-RAISING DRIVE

## WILMINGTON'S 'COLOR CONFAB'

The elementary schools of this town have concentrated this year on color theory along with their regular art program. The culmination resulted in a gathering of all sixth grade pupils at the Herbert Barrows Auditorium on Wednesday morning, June 10th, for the purpose of finding Wilmington's Color King and Color Queen.

The "Color Confab" is the first of its kind to be held in town, in fact the first to be heard of anywhere. The idea originated with the Art Supervisor, Evelyn R. Andersen. Each sixth grade classroom was questioned on hue, its properties, its mixing, its harmony and its use, until a prince and princess of color was found.

The sixteen finalists who were eligible for "confab" were:

### WILDWOOD SCHOOL

(Mr. Joseph Quinn's Room)  
Donna Blakeslee and Keith Gunning.

### SWAIN SCHOOL

(Mrs. Florence Liston's Room)  
Louise Holbrook and Albert Cuoco.

### HIGH SCHOOL WING

(Mr. Leonard Gagnon's Room)  
Joan Draheim and Edward Suprenant

(Mrs. Helen Roth's Room)  
Jeanne Gage and Kenneth Mason  
(Mr. Donald Lescard's Room)

Joanne Baker and Michael Burns  
(Miss Louise Moriarty's Room)  
Patricia Izzo and Stephen Phillips

(Mrs. Jane Lyon's Room)  
Nancy Cole and Paul Bannister  
(Mrs. Irene Roger's Room)

Susan MacGahan and Peter Emery  
After one and one half hours of questions on color, one boy and one girl remained. They were presented with gold

colored crowns studded with imitation metallic gems. Prizes were awarded to all sixteen people.

The Wilmington Elementary Schools are very proud of:  
COLOR QUEEN - Susan MacGahan  
COLOR KING - Albert Cuoco

All questions were composed by Evelyn R. Andersen, who also acted as moderator, she was assisted on stage by the following judges: Mr. John Collins, Superintendent of Schools; Mr. Paul Ciano, Art Teacher; Mr. Robert Barrett, Supervising Principal; Mr. Ralph Ambrose, Supervising Principal; and Mr. Anthony DeLuca, Supervising Principal.

## CAMBRIDGE SCHOOL OF BUSINESS ACCEPTS THE APPLICATION OF LOCAL GIRL

Ann A. Sheerin, 16 Gunderson Road, North Wilmington has been accepted in the Medical Secretarial Course in the Cambridge School of Business, Boston, it was announced today by Jack Nesson, Director.

Under the Cambridge School's unique Work Study Program, Miss Sheerin will attend classes half-a-day and receive actual on-the-job training in an office as a part time medical secretary. She will begin her training in the fall class, Monday, September 14.

Miss Sheerin, daughter of Mr. and Mrs. Warren Sheerin, graduated from Wilmington High School this year.

## BREAK ON RHODE STREET

On June 21, police received a report that a cottage on Rhode St., had been broken into sometime the previous night. There was no apparent damage and nothing was reported missing.

Officer Markey took the complaint.

## Rotary Club Loan Fund

Applications for student loans are now being accepted by the Wilmington Rotary club, according to a statement released today by the fund chairman, John J. Collins. The loan fund, which was established by the local Rotary club to help further the education of the less fortunate of the town, has now reached the \$2000 mark, according to Mr. Collins. The following general regulations have been released:

The applicant must be accepted as a full-time student in a college or institution of instruction.

The applicant will furnish evidence of scholastic achievement, college entrance board scores, and other pertinent information indicating potential for success in higher education.

The amount of the loan will be determined by the treasurer and his fund committee, and will depend upon such factors as student needs and availability of funds.

The recipient will promise to repay the loan within a period of three years from the termination of college or other training. An extension may be granted at the discretion of the committee.

Applications may be made through the high school director of guidance or directly to the treasurer, Wilmington Rotary Student Loan Fund, Inc., (Mr. Davenport Davis, Middlesex County National Bank) on or before Aug. 1.

With a tree on one side and a utility pole on the other, these home movers were faced with a problem last Tuesday. The Shea home, being moved from Ballardvale Street to Salem Street, couldn't quite squeeze through and telephone and electric service crews had to solve the problem. They did, by loosening the pole and pulling it to one side.

## WEEKLY SUMMER FORUM STARTED

The 10-week Summer Forum is to be held each Monday night between 8:45 and 9:30 p.m. at

the rectory.

The discussions on pertinent Catholic doctrines and practices will be informal.

Everyone is invited to attend.

Much speculation as to the DeMoulas Sign, at the construction site of the Shopping Center. A check has only confirmed the fact that more stores are to be added, but no one knows why the name of DeMoulas has been taken from the sign.

Certain sections of the cement walks around the Town Common are in various stages of being replaced. Some of the sections were damaged by frost, others by heavy grading equipment. Still others had been marked, while drying, so badly that the only remedy was to replace them.

### BENNETT - SPELLMAN NUPTIALS

At 7 p.m. Saturday, June 13, Joan Elizabeth Bennett, the daughter of Mr. and Mrs. Joel Bennett of Burlington Ave., became the bride of Robert Spellman, son of Mr. and Mrs. Spellman of West Street.

The lovely candlelight ceremony was performed by Rev. Richard Harding before the altar of the Wilmington Methodist Church.

Miss Bennett chose for her wedding, a beautiful frock of white lace over taffeta with matching white accessories and wore a white orchid corsage. Nancy Bennett of Wilmington served her sister as maid of honor in a dress of yellow print on a white background. She wore a corsage of yellow tea roses.

Richard Daigle of Floradale Ave., close friend of the groom served as best man.

The mother of the bride chose for her daughter's wedding a blue flowered dress with white accessories. She wore an orchid corsage.

The groom's mother was attired in a frock of white silver and black print with white accessories. She also wore an orchid corsage.

The new Mrs. Spellman is a graduate of Wilmington High School and is presently employed by Unit Packet Co. in Wilmington.

Mr. Spellman was also educated in Wilmington and is now employed by Raytheon.

Following the wedding trip through New Hampshire and Vermont, the couple will reside at 502 Hildreth St., Dracut.

# LINES OF LOVELINESS

BY  
JENI JANERICO

TIME WAS, you know, when a lady lifted her morale by choosing a new hat. Now she goes a step further, gets volumes more in personal satisfaction by choosing a new hair colour.

If you haven't yet discovered what the exciting difference of colour can make in your life, chances are you'll want to try it soon. The change need not be drastic, of course. Just a new warmth and sparkle, to brighten brown. Or a bit of dazzle to make dishwater hair really blonde.

Nobody need wait till the hair is grey before changing its shade any more. Now the beauty authorities tell us hair colour is fast becoming as easily selected as lipstick and nail polish. It's even more becoming, gathers dozens more compliments, because it's like finding a whole new you!

No time to shower before the party? Sponge yourself with your favorite cologne. Use a big foamy sponge. Mix your own special fluid — one part cologne, two parts clear water — if you'd rather not use up quite so much fragrance. This refreshing trick is extra-nice in hot weather, especially when you use ice cubes with your cologne.

Donald F. Devlin, airman, USN, son of Mr. and Mrs. William J. Devlin of Carden Ave., took part in Operation "Granite Creek", May 25 to June 1, while serving aboard the attack aircraft carrier USS Ranger in the Western Pacific.

"Granite Creek" is an exercise designed to test the effectiveness of the Navy's aircraft carrier striking force of the U.S. Seventh Fleet in the Far East.

The Ranger, which along with other carriers is providing air might to this country's first line of defense in the Pacific, is on a routine tour of duty with the Seventh Fleet.

LIPSTICK STAYS longer if you try this trick: Apply your lipstick early in your makeup routine. Then powder it carefully and let it set. Put a second coat over the powder, and leave it for three minutes before blotting. See how much longer the color will last!

Pink lipstick is pretty — but sometimes it needs a touch-up. If one of the new pink shades looks best on you, try outlining your lips with a darker pink. This defines your lips — and gives you a chance to change their shape, ever so slightly, when you apply the darker lipstick.

Brush up on your hair-brushing technique: ninety strokes a day are none too many. Forty-five with head bent forward, forty-five more with head tilted back. The gleaming reward is worth the effort! And just to be certain it keeps that smoothly brushed line, spray it lightly before you venture out into the breezes.

Dear Editor: June 17, 1959

Here is something we think may prove interesting to you. A boy from your local area is a buddy of ours. We noticed a copy of your paper on his bunk, and thought you may like to have his story.

His name is: John W. Fawcett 36 Vernon St., Tewksbury, Mass.

He signed for the voluntary draft in March 1959, and received his notice to report on April 13, 1959. He will complete his basic training on June 27. He will then be shipped to Ft. Gordon, Ga., for training as a Radio Teletype Operator.

Upon completion of school he will then be shipped with company H. 6th Armored Cavalry to gyro to Regensburg, Germany, to guard the Czech Border. We thought you would like to print this story as he will not get a leave before shipping out.

He excels all other men in Company H in bayonet fighting.

Would you please send us a copy of your paper so we can put it on the Battalion Bulletin Board?

He is the only one that is leaving us for schooling at another base temporarily.

Enclosed is a picture you may use if you wish.

Sincerely,

Dear Sir:

As a representative of the Wilmington High School at the "Girls State Week", sponsored by the American Legion Auxiliary, I am writing a few words in regards to my stay.

Up to this point, Girls State has proved to be the most wonderful experience I ever shared with others.

Our busy schedule consists largely of actual practice in the functions of county, town, city and state government. In brief, we can be called a "miniature government". In addition to this, many assemblies are held. Each assembly of utmost interest and importance for the promotion of good citizenship.

As a Girl State Citizen your life is automatically enlightened by the many new friends you meet, the ideas they have to offer you and especially the satisfaction you get learning of the many things we often overlook.

I consider it a great honor to have been selected to attend this years Girls State and as the days glide by I am certain I will have gained something priceless.

Sincerely,  
Ruth Urbonas

## Outdoorsmen's Quiz - Column

by Joe Bates, Jr.

Q. How do we get longest casts with spinning tackle?

A. Use a quality brand of open-faced reel with the lightest monofilament advisable for the conditions under which you fish. The reel spool should be filled to the lip with line. Use a lure with minimum wind resistance (such as a jig). Cast with a low trajectory. Match the weight of the lure to the power of the rod. The rest is a matter of practice. The distance record for 3/8 ounce lures is over 200 feet.

Q. Where can I get information on foil cooking, to save having to wash pots and pans on camping trips?

A. Just send a postcard to me at "Box 414, White Plains, New York", and ask for a copy of "The Easy Way To Outdoor Cooking". This 28 page illustrated booklet is free to sportsmen, and gives information on foil cooking, outdoor fireplaces, easy recipes, etc.

Q. How do you keep fish hooks so they won't catch on things?

A. One idea is to string them on a safety pin. (This works well for swivels and snap-swivels, strip of scotch tape; arrange the too.) Another is to lay out a hooks in a row with points on the tape and shanks below, and then to seal them with another strip of scotch tape on top. You can see what sizes you have, and the hooks detach easily.

## CONGREGATIONAL CHURCH PLANS OUTDOOR WORSHIP SERVICE AND PICNIC ON JUNE 28

The picnic for families of  
the Wilmington Congregational  
Church is being planned by the  
Sunday School under the gener-  
al chairmanship of Al Black-  
burn, Sunday School Superin-  
tendent. This annual event,  
which has been rained out the  
past two years, is now planned  
for Sunday, June 28. Families  
will meet at Silver Lake State  
Park at Hollis, N.H. at 9 a.m.  
or as soon after that hour as  
possible. Plan your own route-  
DO NOT meet at the church.

The worship service, under  
the leadership of Mr. Jay  
Sapunar, will be held at 10  
a.m. All families are urged to  
arrive well ahead of this hour  
so that the service may begin  
on time.

PROF. CHARLES G.  
SCHAUFFELE

## PROF. SCHAUFFELE GUEST SPEAKER AT FIRST BAPTIST CHURCH

Prof. Charles G. Schauffele,  
chairman of the Department of  
Christian Education at Gordon  
Divinity School, Beverly Farms  
Mass., will speak to the com-  
bined youth groups of the  
First Baptist Church, Wilming-  
ton, this Sunday evening at  
6 p.m. and will also preach at  
7:30 p.m. evening service.  
This Sunday will be the last  
opportunity to hear this out-  
standing counsellor and  
preacher since he is conclud-  
ing his series of visits to  
the Wilmington church.

His Bible-centered messages  
are highly practical, simple,  
and most lucid. In the youth  
meeting he will continue to  
speak on the common problems  
that face today's youth and  
will preach a message concern-  
ing the Christian life at the  
evening service. Everyone is  
most cordially invited to  
attend these and all services  
at the Baptist Church.

This Sunday morning will be  
the last Sunday that the mor-  
ning service will begin at 11  
a.m. During July and August,  
they will begin at 9:30 a.m.

The evening services will be  
at 7:30 p.m. as usual.

**VANDALS DAMAGE  
BULLDOZER**

Police received a report at 12:30 p.m. on June 20 that vandals had caused approximately \$150. worth of damage to a bulldozer parked near the Burlington Ave. Bridge.

The machine, owned by MaGee of Lowell had been working in the area. The instrument panel was completely smashed.

Officer Mercier is investigating the complaint.

**THE OTHER DAY**

We got to talking about meteorites (meteors from outer space that reach the earth before being wholly consumed) and we were amazed to learn that scientists estimate that eight billion (yes, that's Billion) a day encounter the earth.

Nearly all are destroyed by heat generated as they pass through our atmosphere, but some do land, from a minute particle, to one weighing 60 tons, which landed in Africa. Think of how our atmosphere protects us from this bombardment from outer space...hardly short of miraculous...and more evidence of the order maintained in our world and universe.

Another point to contemplate is that all the elements found in meteorites are also present here on earth, and every metal found in meteorites is also found in your automobile in its most refined state.

It occurs to us that it would be a lot better if fewer people drove as though they were guiding a meteorite, wouldn't it? But our job is to provide you with the safest, best earthly transportation, and to keep it safe and economical for you. This we do, and we are conscientious about it too.
